UGA Golf Course and Vending Services Partner to Open New Micro-Market

The Champions Café at the UGA Golf Course recently transitioned to a new self-serve micro-market concept. Micro-markets are on the leading-edge of today's food service trends for colleges and universities across the nation. With its self-serve technology, the location is able to continuously stay open allowing you to purchase food anytime the Golf Course is operating.

The micro-market design allows the Golf Course to offer customers more food items, including: Hot and cold beverages including fresh-brewed coffee; grab-and-go sandwiches, salads, hamburgers and pizza; snacks and pastries; and more.

Micro-markets also promote contactless payments by accepting mobile transactions such as Apple Pay and Google Pay. The cashless location accepts Paw Points, Bulldog Bucks, and credit/debit cards.
